Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a method of preserving PPP session over a data network having mobile station handoff capability, comprising: establishing a first link of the PPP session through a first path including a first wireless connection in the data network; creating a second link associated with PPP session through a second path including a second wireless connection in the data network; establishing a correspondence between the first link and the second link prior to releasing the first link for uninterrupted communications during the PPP session and releasing the first link while preserving the PPP session, ***the PPP session using a multi-link PPP, normally used to add permanent link paths in parallel for large links of modems coupled to a single stationary computer, to provide temporary parallelism of the first and second links***, as recited in independent claims 2, 9, 19 and 20.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
